

# Pam's Houses Competition

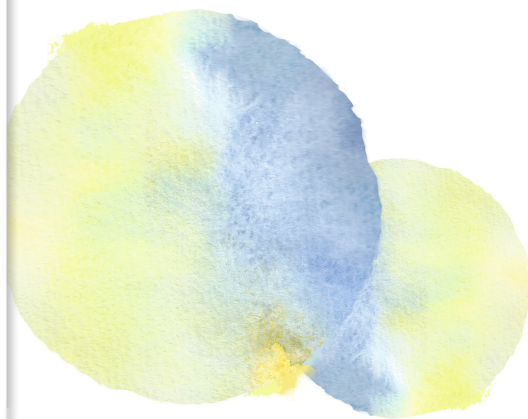

I would love to share my little houses with you and I wonder what you would do with them?

You could put them in a line,  
Built a Neighbourhood.  
Design a quilt.

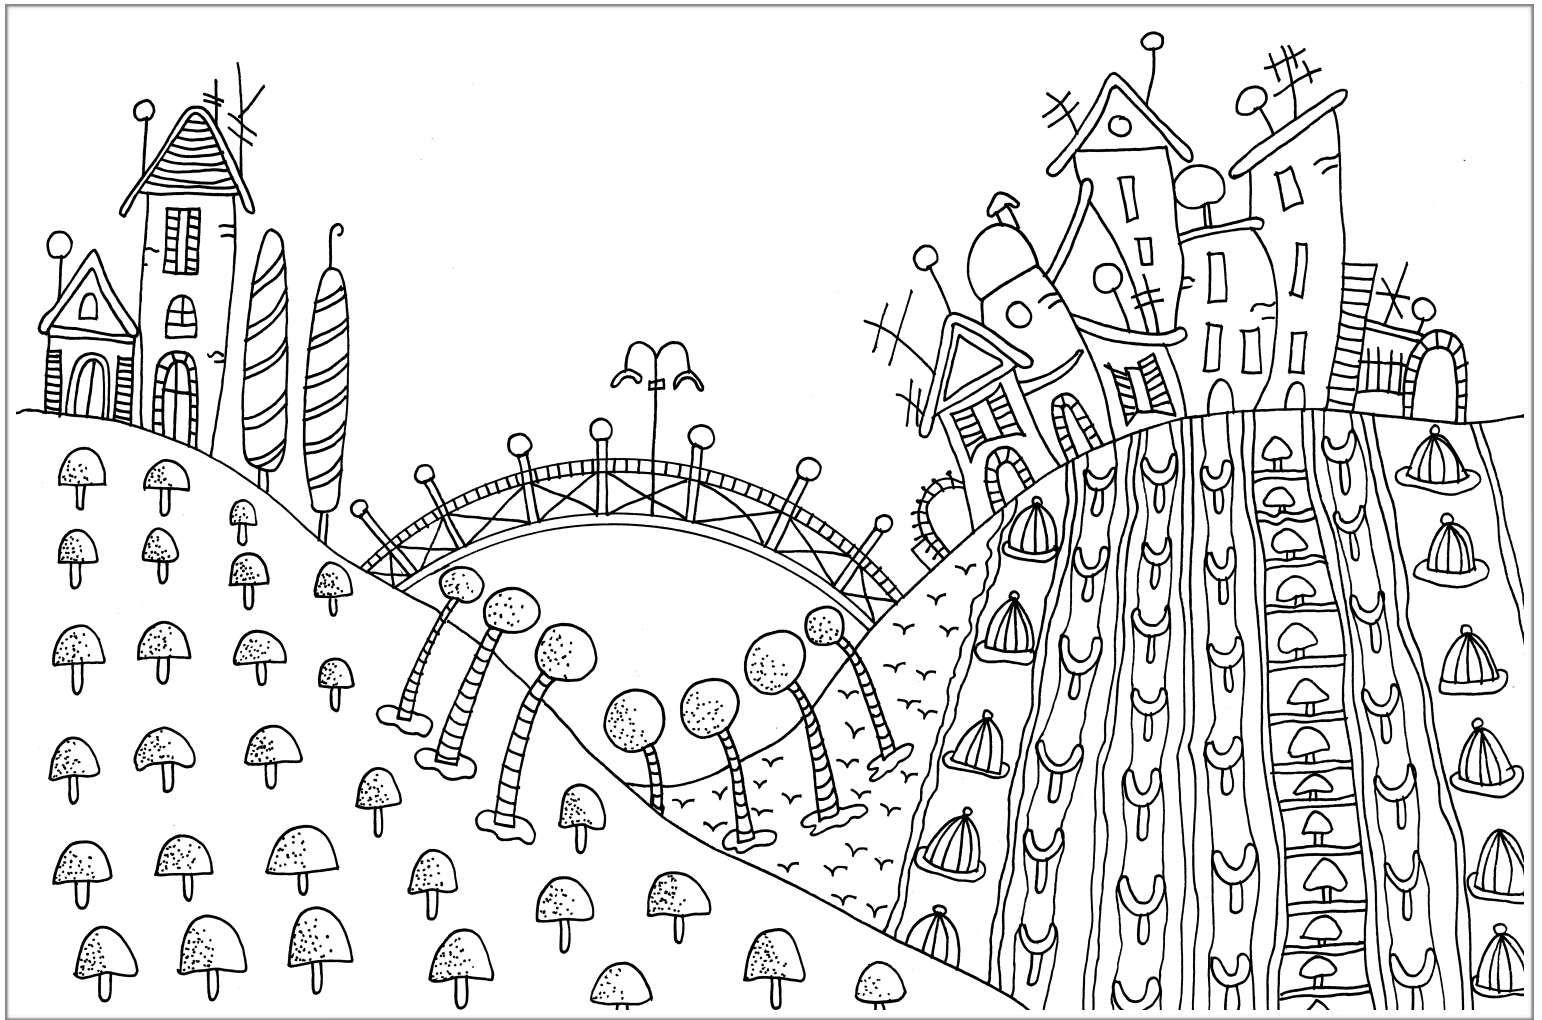

You can enlarge them, add to them, create your own, but you need to have at least 50% of my design in your creation.

You have from now until the 3<sup>rd</sup> of August (SA time) to work your magic.

The prize will be one of my small houses quilts made just for you! And 6 runners up will receive "The Adventures of the Amazing Alphabet"

I'm not making it too easy for you by giving you individual houses... that's up to you to work out.  
Add trees, fields. Even animals of your own.  
Every now and then I will add another image... just to enthuse you.
