

# Pam's Houses Competition

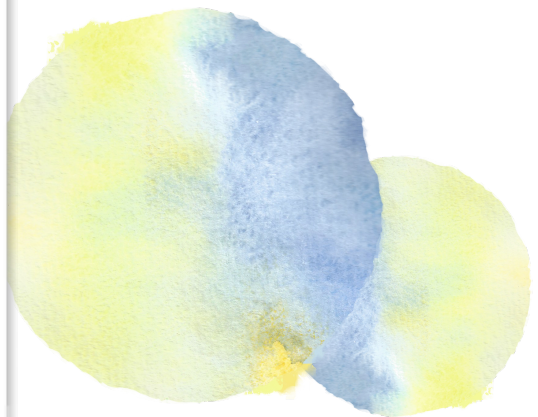

I would love to share my little houses with you and I wonder what you would do with them?

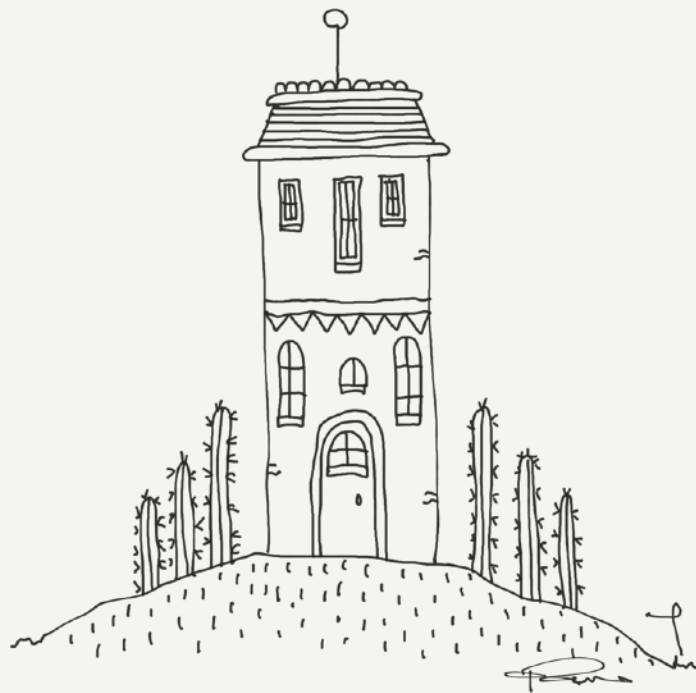

You could put them in a line,  
Built a Neighbourhood.  
Design a quilt.

You can enlarge them, add to them, create your own, but you need to have at least 50% of my design in your creation.

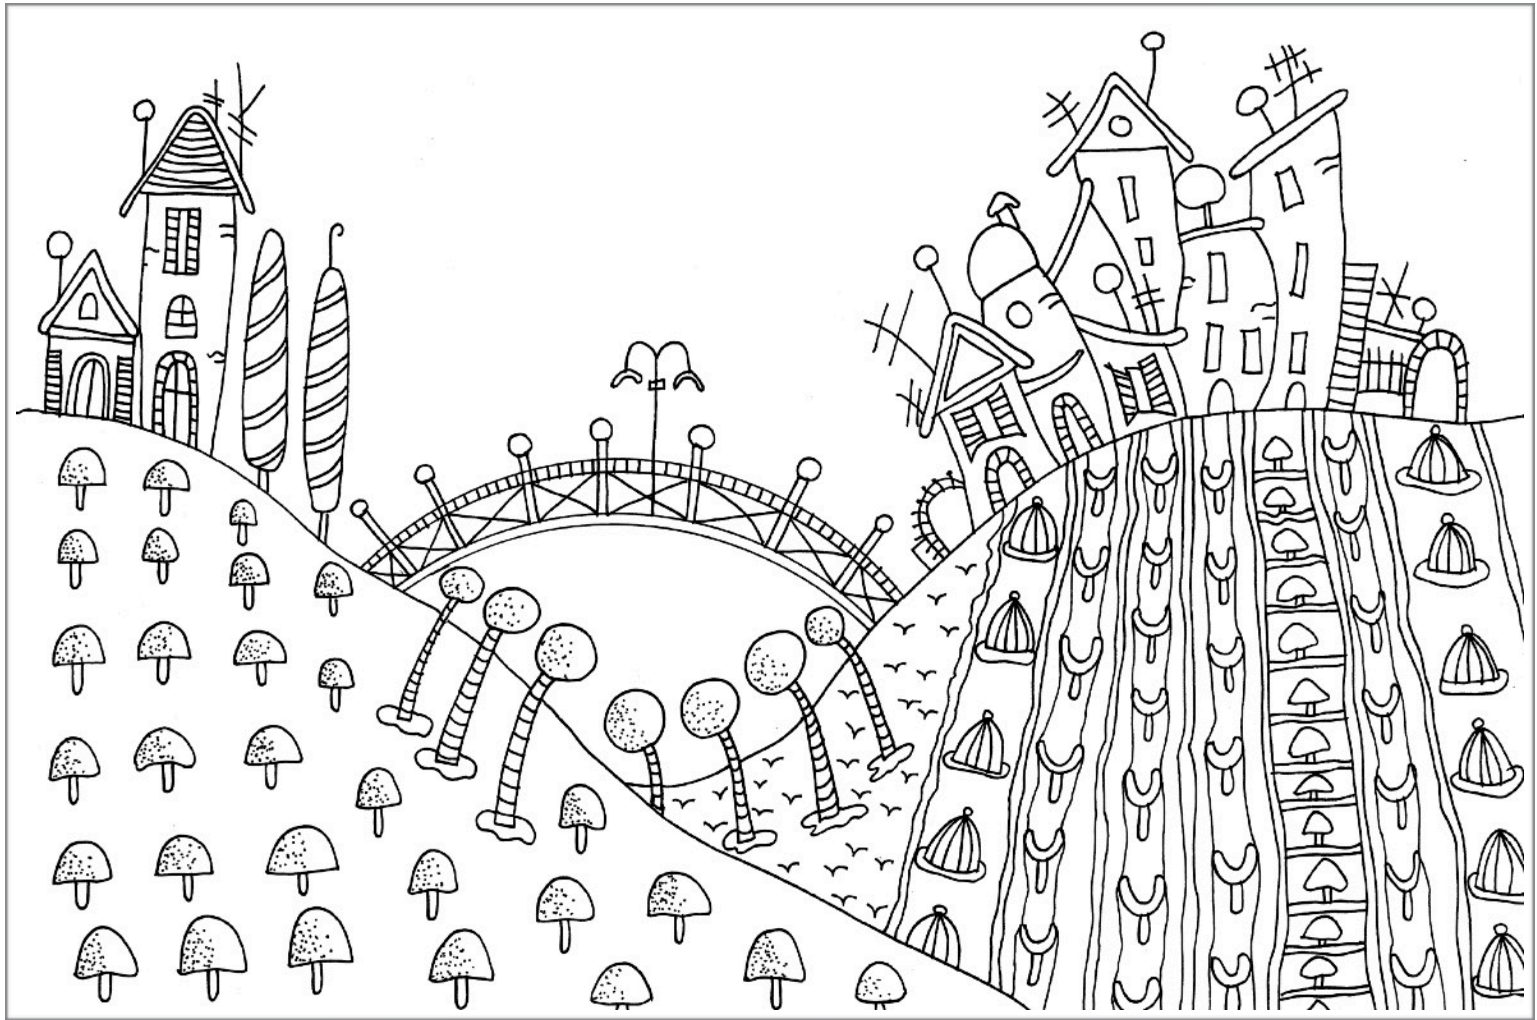

You have from now until the 3<sup>rd</sup> of August (SA time) to work your magic.

The prize will be one of my small houses quilts made just for you! And 6 runners up will receive "The Adventures of the Amazing Alphabet"

I'm not making it too easy for you by giving you individual houses... that's up to you to work out.

Add trees, fields. Even animals of your own.

Every now and then I will add another image... just to enthuse you.

Please send a good quality digital image to :-

[pamholland3@me.com](mailto:pamholland3@me.com) before the 3<sup>rd</sup> of August. 2018.

Please include your name and email and explain the story behind image,  
The techniques used and intentions for your project.

I am aware that these images are being used to teach my techniques in  
Holland. They are copyright to me and I feel its only polite to ask my  
permission first.

Thank you for your respect to my art.
